Supply Chain & Logistics Professional | Inventory Control | WMS & RF Scanning | KPI Reporting

United Kingdom | Open to UK relocation | +44 7587531988 | utsavparmar1206@gmail.com | [LinkedIn](#) | [Portfolio](#)

PROFESSIONAL PROFILE

Supply Chain and Logistics professional with an MBA in Supply Chain Management and hands-on UK experience across Amazon UK, Sainsbury's and warehouse operations. Skilled in inventory control, WMS/RF scanning, stock reconciliation, order fulfilment, dispatch coordination, KPI monitoring, Excel reporting and operational process improvement. Recognised for 100% picking accuracy across 3,900+ units, improving stock accuracy by 15%, supporting SLA-driven fulfilment operations and contributing to measurable business growth. Targeting Supply Chain Coordinator, Logistics Coordinator, Inventory Analyst, Warehouse Administrator and Operations Analyst roles across the UK.

CORE SKILLS

Supply Chain & Logistics: Supply Chain Operations | Logistics Coordination | Inventory Management | Stock Control | Stock Reconciliation | Order Fulfilment | Dispatch Coordination | Warehouse Operations | Materials Planning Awareness

Systems & Data: WMS | RF Scanning | Advanced Excel | Power BI Basics | KPI Monitoring | Operational Reporting | Data Analysis | Variance Investigation | Inventory Records

Operations & Improvement: Process Improvement | 5S Methodology | Quality Control | Health & Safety Compliance | Workflow Coordination | SLA Delivery | Issue Escalation | Stakeholder Communication

SELECTED ACHIEVEMENTS

- Achieved 100% picking accuracy across 3,900+ units at Amazon UK by maintaining scanning discipline, quality checks and accurate WMS records.
- Improved stock accuracy by 15% at Sainsbury's through structured replenishment routines, stock movement checks, availability reviews and accurate reporting.
- Supported KPI-led fulfilment operations by monitoring productivity, quality, accuracy and UPH performance against SLA expectations.
- Increased revenue by 30%, retained 95% of 50+ client accounts and supported expansion into 3 new markets within transportation and service operations.
- Reduced total costs by 10% and improved operational efficiency by 15% in The Fresh Connection simulation through KPI analysis and supply chain decision-making.

PROFESSIONAL EXPERIENCE

Warehouse Operative | Amazon UK Services Ltd | Dunfermline, Scotland

Oct 2025 - Present

- Support high-volume fulfilment operations using WMS and RF scanning systems, maintaining accurate inventory tracking, order processing and system data integrity.
- Achieved 100% picking accuracy across 3,900+ units, strengthening inventory accuracy, fulfilment quality and operational reliability.
- Monitor productivity, quality, accuracy and UPH metrics to support KPI tracking, SLA delivery, performance reporting and operational efficiency.
- Assist Process Assistants and Area Managers with workflow coordination, issue escalation, workstation organisation, 5S routines and continuous improvement activities.
- Support team members with scanning accuracy, warehouse processes, safety standards and quality control routines to maintain consistent operational performance.

Trading Assistant / General Merchandise Assistant | Sainsbury's | London, UK

Dec 2023 - Oct 2025

- Supported fast-paced retail and stock operations covering inventory control, replenishment, stock movement, merchandising and compliance checks.
- Improved stock accuracy by 15% through structured stock control, replenishment routines, product availability checks and inventory reporting.
- Maintained service and operational efficiency during peak periods by coordinating stock availability, responding to customer queries and resolving daily operational issues.
- Assisted with onboarding, shift coordination and operational support while maintaining health, safety, quality and customer service standards under pressure.

Warehouse Operative - Picker & Packer | CN Foods | London, UK

Nov 2024 - Feb 2025

- Picked, packed and prepared B2B customer orders using WMS and RF scanners, supporting order fulfilment, dispatch coordination and warehouse productivity.
- Applied FIFO stock rotation, accurate stock handling and quality checks to reduce errors and maintain inventory control standards.
- Maintained safe and organised warehouse areas, supporting 5S, health and safety compliance, order accuracy and timely dispatch.
- Supported shift management activities during peak periods by coordinating 10+ operatives, resolving operational issues and maintaining productivity and quality standards.

Business Development Executive | Shekhawati Sales & Transportation | India

Aug 2020 - Aug 2023

- Managed 50+ client accounts with a 95% retention rate, coordinating logistics communication, service delivery, issue resolution and client support.
- Increased revenue by 30% through client relationship management, new business development, market expansion and service improvement activity.
- Prepared operational reports, client records, performance updates and service documentation to support management decisions and process improvement.
- Collaborated with internal teams to coordinate service delivery, resolve operational issues and maintain long-term business relationships.

SUPPLY CHAIN PROJECT

The Fresh Connection Supply Chain Simulation | University of East London | London, UK

MBA Project

- Contributed to end-to-end supply chain decisions across logistics optimisation, service levels, ROI, lead times, procurement, operations and sales.
- Reduced total costs by 10% and improved operational efficiency by 15% through KPI analysis, strategic planning and data-driven decision-making.
