PROFESSIONAL PROFILE

Supply chain and logistics professional with an MBA in Supply Chain Management and experience in UK fulfilment, retail stock control and transportation services. Currently a Warehouse Operative in Amazon EMA5 Inbound, undertaking Process Guide (PG) training after EDI4 Outbound experience. Brings direct team management experience in India and peak-period warehouse shift leadership in the UK, supported by WMS/RF systems, inventory control and KPI reporting. Targeting Warehouse Team Leader, Shift Supervisor, Logistics Coordinator and Supply Chain Coordinator roles.

CORE SKILLS

People & coordination: Team management, shift support, workload allocation, training and onboarding, performance monitoring, coaching, issue escalation and stakeholder communication.

Supply chain & operations: Inventory control, stock reconciliation, order fulfilment, dispatch coordination, FIFO, quality checks, 5S, health and safety, workflow coordination and SLA delivery.

Systems & data: WMS, RF scanning, Excel (PivotTables, VLOOKUP), KPI monitoring, operational reporting, variance investigation and Power BI Essential Training.

PROFESSIONAL EXPERIENCE

Warehouse Operative | Amazon UK Services Ltd

Full-time | October 2025 - Present

EMA5, Kettering - Inbound | September 2026 - Present

- Transferred from EDI4 Outbound to EMA5 Inbound; currently undertaking Process Guide (PG) training.

EDI4, Dunfermline - Outbound | October 2025 - September 2026

- Achieved 100% picking accuracy across **3,959 units with zero errors**, supporting fulfilment quality and accurate order processing.

Amazon - shared operational experience

- Support Process Assistants and Area Managers with workflow coordination, issue escalation, workstation organisation and 5S routines; help resolve process problems during high-volume shifts.
- Coach colleagues on scanning accuracy, warehouse processes, safety standards and quality routines.
- Monitor productivity, quality, accuracy and units per hour (UPH) to support KPI tracking, SLA delivery and performance reporting.
- Use WMS and RF scanning to maintain accurate inventory tracking, order processing and system records.

Trading Assistant | Sainsbury's

London, UK | December 2023 - October 2025

- Improved stock accuracy by 15% through stock control, replenishment, availability checks and inventory reporting; managed stock movements, merchandising and compliance routines.
- Onboarded and supported new colleagues; assisted with shift coordination and daily task allocation.
- Handled operational issues and customer escalations during peak trading, maintaining service, health, safety and quality standards.

PROFESSIONAL EXPERIENCE - CONTINUED

Warehouse Operations Associate | CN Foods

London, UK | November 2024 - February 2025 | Concurrent with Sainsbury's

- Covered shift lead and supervisor responsibilities during peak periods, directing 10+ operatives and allocating tasks across picking, packing and dispatch to maintain productivity and quality targets.
- Trained new starters on WMS, RF scanning, FIFO stock rotation, quality checks and safety procedures to support accurate picking and effective onboarding.
- Served as a point of contact for process questions, exception handling and on-shift operational issues.
- Applied FIFO, accurate stock handling and quality checks; maintained safe, organised work areas to support inventory control, order accuracy and timely dispatch.

Business Development Manager | Shekhawati Sales & Transportation

India | August 2020 - August 2023

- Managed a four-person sales and service team, setting priorities, allocating accounts, reviewing performance and developing colleagues.
- Managed 50+ client accounts, handling service escalations, delivery disputes and delay resolution; retained 95% of accounts.
- Coordinated drivers, dispatch and clients to resolve delivery delays, vehicle availability constraints and service failures.
- Grew revenue by 30% through relationship management, business development and expansion into three new markets; prepared reports, client records and performance updates.

SUPPLY CHAIN PROJECT

The Fresh Connection | Supply Chain Simulation

MBA team project | University of East London

- Led decision-making across logistics, procurement, operations and sales, balancing service levels, ROI and lead times through KPI analysis and supply chain planning.
- **Simulation results:** reduced total costs by 10% and improved operational efficiency by 15%.

EDUCATION

MBA - Supply Chain Management | University of East London | 2024 | **65% Merit**

BBA - Business Administration | Mewar University, India | 2020

Diploma - Electrical Engineering | Sunrise University, India | 2017
