KEY ACHIEVEMENTS

- Achieved 100% picking accuracy across 3,900+ units at Amazon UK, supporting inventory accuracy, fulfilment quality and customer delivery standards.
- Improved stock accuracy by 15% at Sainsbury's through structured replenishment routines, stock movement checks, product availability reviews and accurate reporting.
- Increased business revenue by 30% while managing 50+ client accounts and maintaining a 95% client retention rate in transportation and service operations.
- Reduced total costs by 10% and improved operational efficiency by 15% in The Fresh Connection supply chain simulation through KPI analysis and data-driven decision-making.
- Consistently met productivity, quality, safety, compliance and accuracy KPIs across warehouse, retail, logistics and customer-focused operational environments.

PROFESSIONAL EXPERIENCE

Warehouse Operative - Operations & Team Support | Amazon UK Services Ltd | Dunfermline, Scotland | Oct 2025 - Present

- Support high-volume fulfilment operations using WMS and RF scanning systems, maintaining accurate inventory tracking, order processing and system data integrity.
- Achieved 100% picking accuracy across 3,900+ units, strengthening inventory accuracy, operational reliability and fulfilment performance.
- Monitor productivity, quality, accuracy and UPH metrics to support KPI tracking, SLA delivery, performance reporting and operational efficiency.

- Assist Process Assistants and Area Managers with workflow coordination, issue escalation, workstation organisation, 5S routines and continuous improvement activity.
- Support onboarding and training of team members on scanning accuracy, warehouse processes, safety standards, quality control and fulfilment routines.

Trading Assistant / General Merchandise Assistant - Customer, Stock & Store Operations | Sainsbury's | London, UK | Dec 2023 - Oct 2025

- Supported fast-paced retail and stock operations, including inventory control, replenishment, stock movement, merchandising, customer service and compliance checks.
- Improved stock accuracy by 15% through structured stock control, replenishment routines, product availability checks and inventory reporting.
- Maintained operational efficiency during peak periods by supporting workflow coordination, stock availability, customer queries and timely issue resolution.
- Assisted with onboarding, daily shift coordination and operational support while maintaining strong service standards under pressure.
- Followed health & safety, quality control and store compliance procedures to maintain a safe, organised and customer-focused environment.

Warehouse Operative - Picker & Packer | CN Foods | London, UK | Nov 2024 - Feb 2025

- Picked, packed and prepared B2B customer orders using WMS and RF scanners, supporting order fulfilment, dispatch coordination and warehouse productivity.
- Applied FIFO stock rotation, accurate stock handling and quality checks to reduce errors and maintain inventory control standards.
- Maintained safe and organised warehouse areas, supporting 5S, health & safety compliance, order accuracy and timely dispatch.

Business Development Executive | Shekhawati Sales & Transportation | India | Aug 2020 - Aug 2023

- Managed 50+ client accounts with a 95% retention rate, coordinating logistics communication, service delivery, issue resolution and client support.
- Increased revenue by 30% through client relationship management, new business development, market expansion and service improvement activity.
- Prepared operational reports, client records, performance updates and service documentation to support management decisions and process improvement.
- Collaborated with internal teams to coordinate service delivery, resolve operational issues and maintain long-term business relationships.

SUPPLY CHAIN PROJECT

- Supply Chain Simulation - The Fresh Connection (Inchainge), University of East London: led end-to-end supply chain decisions covering logistics optimisation, service levels, ROI, lead times, procurement, operations and sales.
- Reduced total costs by 10% and improved operational efficiency by 15% through KPI analysis, strategic planning and data-driven decision-making.

EDUCATION

- MBA - Supply Chain Management | University of East London | 2024
- BBA - Business Administration | Mewar University, India | 2020
- Diploma - Electrical Engineering | Sunrise University, India | 2017
