PROFESSIONAL PROFILE

Supply chain and logistics professional with an MBA in Supply Chain Management. Currently working as a Process Guide (PG) at Amazon EMA5 Inbound Receive/Decant, leading and coordinating 20-40 associates per shift. Experience includes workforce allocation, planned-target and quality monitoring, associate guidance, safety, cross-team coordination and shift reporting. Brings UK fulfilment and retail inventory experience alongside direct team management in transportation services. Targeting Team Leader, Warehouse Supervisor, Shift Supervisor and supply chain/logistics coordination roles.

CORE SKILLS

People & coordination: Team leadership, task and resource allocation, break planning, labour sharing, coaching, conflict resolution, training coordination and issue escalation.

Operations: Inbound Receive/Decant, inventory control, WMS, RF scanning, order fulfilment, dispatch coordination, FIFO, quality standards, safety awareness and 5S.

Systems & reporting: Excel (PivotTables, VLOOKUP), UPH/KPI monitoring, station tracking, hourly reports, shift handover, Slack and two-way radios; Power BI Essential Training.

PROFESSIONAL EXPERIENCE

Amazon UK Services Ltd | Process Guide (PG)

Amazon employment: October 2025 - Present | Full-time

Process Guide - Inbound Receive/Decant | October 2026 - Present

EMA5 Warehouse Operations Associate: September 2026 - October 2026. Completed PG training and started the Process Guide role in October 2026. Contractual position: Fulfilment Associate.

- Lead and coordinate 20-40 associates per shift, allocating tasks, workload, stations and resources according to operational needs, training and capability.
- Monitor shift performance against planned targets using operational data; identify gaps and adjust tasks, staffing and resources to support delivery while maintaining safety and quality.
- Coordinate breaks, cross-department labour sharing and training-centre attendance, adjusting staffing coverage as requirements change.
- Respond to emergency leave requests and health concerns, coordinate cover and involve leadership as needed; help resolve disagreements about tasks and breaks.
- Support 5S, hygiene, cleaning and housekeeping; liaise with maintenance and other teams to resolve station, equipment and workflow issues.
- Track station activity, provide hourly operational reports and escalate issues; deliver full end-of-shift reports and handovers to the Team Leader or Area Manager using Excel, Slack and two-way radios.

EDI4, Dunfermline - Outbound | October 2025 - September 2026

- Achieved 100% picking accuracy across 3,959 units with zero errors. Used WMS and RF scanning for accurate order processing and supported colleagues with scanning, safety and quality routines.

PROFESSIONAL EXPERIENCE - CONTINUED

Trading Assistant | Sainsbury's

London, UK | December 2023 - October 2025

- Improved stock accuracy by 15% through stock control, replenishment, availability checks and inventory reporting; managed stock movements, merchandising and compliance routines.
- Onboarded colleagues, supported shift coordination and task allocation, and handled operational issues and customer escalations during peak trading.

Warehouse Operations Associate | CN Foods

London, UK | November 2024 - February 2025 | Concurrent with Sainsbury's

- Covered shift lead and supervisor duties during peak periods, directing 10+ operatives across picking, packing and dispatch to support productivity and quality targets.
- Trained new starters on WMS, RF scanning, FIFO, quality checks and safety; supported exception handling and maintained safe, organised work areas.

Business Development Manager | Shekhawati Sales & Transportation

India | August 2020 - August 2023

- Managed a four-person sales and service team, setting priorities, allocating accounts, reviewing performance and developing colleagues.
- Managed 50+ client accounts with 95% retention; handled service escalations, delivery disputes and delays, coordinating drivers, dispatch and clients.
- Grew revenue by 30% through relationship management, business development and expansion into three new markets; prepared client and performance reports.

SUPPLY CHAIN PROJECT

The Fresh Connection | MBA Supply Chain Simulation | University of East London

- Led decision-making across logistics, procurement, operations and sales, balancing service levels, ROI and lead times through KPI analysis and supply chain planning.
- Simulation results: reduced total costs by 10% and improved operational efficiency by 15%.

EDUCATION

MBA - Supply Chain Management | University of East London | 2024 | 65% Merit

BBA - Business Administration | Mewar University, India | 2020

Diploma - Electrical Engineering | Sunrise University, India | 2017
